“ To Mr. Marsh, Jeff, Jill, Todd, and Jody- I am so sorry to hear about Mrs. Marsh's passing. I have fond memories of spending time at your house and horse-riding with Jill in Meriden when visiting my Grandpa Barnes. Mrs. Marsh was a kind and caring person, and I know you will miss her. My thoughts are with you. -Patty (Lord) Lyn, Asheville NC

“ Helen was one of my dearest friends when we were growing up. As adults we didn't see each very often but when we did it was like no time had passed at all. My sincere condolences to Tink and her whole family.

“ We read with great sadness the passing of Helen. We would like to extend our DEEPEST sympathies to the family.

We first met Helen during our first home construction. We have never met a more kind, soft spoken woman, who always had a smile on her face. After construction of our home, Tink and Helen came to dinner with her bringing a venison lasagna. During the meal Helen let it slip that it was venison which threw my husband into a panic. He swore he didn't like venison, to which Helen and I agreed it was now beef. After eating his second helping we let him in on our little secret; it really was venison. I will never forget the twinkle in her eyes as we chuckled over the venison dinner.

We remain friends with the family to this day. I say family because when you meet one of the Marsh family members, you meet them all. They are a very tight knit family and our hearts break for their loss.
