“ To Mike's Family,
We were both shocked and saddened to learn of Mike's passing. We remember the few times he came to our house when he was in Junior High and High School. He had a fun sense of humor and a big smile. A very nice, polite boy who Mark enjoyed being friends with.
We are very sorry for your loss and please know that our thoughts and sympathy are with you.

“ Mike was a good pal of mine in Junior High and High School, part of "the gang" that hung out and had a lot of laughs during those years. We unfortunately lost touch after we both left for college, but memories of those days never fail to bring a smile to my face. Mike was the source of a few catch-phrases for our group that I know of few of us still use to this day, so his memory will live on through his sense of humor.

I'm very sad to learn of his passing, and regret not being able to be there for his services. Rest assured that Mike made an impact on the lives of those of us who knew him way back when, and we all will continue to remember him for the fun and smart friend that he was to all of us.

“ We are sorry that we didn't know Michael, but I left there many years ago and don't get back too often. I was Patty's cousin and lived right there growing up. Rick Curtis is my brother.
Our hearts go out to you and the rest of the family.
